VELP AVENUE INTERCHANGE DESIGN UPDATE INFORMATIONAL MEETINGS

MEETING LOCATION:

US 41 Brown County
Project Office
1940 West Mason Street
Green Bay

*Business-only meeting: 7:30-9a.m.
Public meeting: 5:00-6:30p.m.*

The primary purpose of these meetings is to provide firsthand information about the US 41 Project improvements in the Velp Avenue interchange area to the business community, local officials and the general public.

These meetings will provide updates on:

- Current design for the Velp Avenue interchange area
- Latest construction schedule
- Planned construction staging and transportation management plans (TMP)

Transportation management plans are important because they determine how construction will be staged and which strategies will be implemented to keep traffic moving through construction zones.
