

## Project schedule

Throughout 2013, WisDOT will continue coordinating with communities and stakeholders on:

- Community Sensitive Solutions (CSS) to develop a project that enhances the visual quality of the area
- Stormwater drainage to help manage flooding and water quality
- Bicycle and pedestrian accommodations to enhance mobility
- Noise barriers, including their locations and appearance
- Transportation Management Planning (TMP) to enhance safety and traffic operations during construction
- Real estate acquisition

The majority of the final design efforts will be completed by 2014 followed by substantial construction activities along the corridor.

Function	2012	2013	2014	2015	2016	2017	2018	2019

## Welcome to the WIS 441 Tri-County Project Local Officials Meeting #2

Town of Menasha Municipal Complex  
2000 Municipal Drive, Neenah

February 26, 2013 from 4 to 6 p.m.  
Presentation at 4:30 p.m.

## Meeting purpose

The Wisconsin Department of Transportation (WisDOT) is hosting a local officials meeting to discuss the proposed Community Sensitive Solutions (CSS) staining options for the WIS 441 Tri-County Project. The purpose of the meeting is to:

- Present the selected stone concept based on local officials' feedback from Dec. 18 meeting
- Discuss proposed Community Sensitive Solutions (CSS) structure staining options
- Discuss proposed noise barrier concepts

## Meeting format

Today's meeting will run from 4 to 6 p.m. A presentation will begin at 4:30 p.m. This meeting is an opportunity for you to view and comment on the various CSS staining options.

## Community Sensitive Solutions

Community Sensitive Solutions (CSS) presents the opportunity to design a project that reflects the characteristics of the area's communities and guides the function and appearance of the components of a project, including retaining walls, bridges and noise barriers. CSS will be incorporated into the WIS 441 Tri-County Project's conceptual design process to provide both functional and aesthetic guidance during the final design and construction phases.

## WIS 441 CSS Concepts

The Ashlar stone concepts are being presented at today's meeting. Please review and provide your comments and choice of preferred staining concepts and your choice of preferred noise wall concepts on one of the comment forms provided. Comment forms should be submitted today or placed in the mail by April 30, 2013.
