

US 41 Project Business Group Meeting County G (Main Avenue) Interchange

The Wisconsin Department of Transportation (WisDOT) invites you to attend a business group meeting for the County G (Main Avenue) Interchange. This meeting will present draft transportation management plans (TMP) that are being developed for the area including:

- Construction staging scenarios created for County G (Main Avenue) Interchange
- Alternative access routes
- Staging concepts and schedule for remainder of Orange to Glory segment including mainline US 41, Grant Street, and Glory Road

Transportation management plans are important because they determine how construction will be staged and what strategies are needed to keep traffic moving during the construction zone. This is an opportunity for you to provide input as WisDOT refines TMP plans for this area.
