WIS 441 Tri-County Project lane closures for September 27 – October 3

Traffic restrictions on WIS 441 and US 10

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing WIS 441 Project lane restrictions for September 27 – October 3 in Winnebago, Outagamie and Calumet counties. Drivers should be aware of reduced speed limits and remember to use caution while traveling through any work zone. This does not include closures by local authorities for accidents or unusual incidents (such as weather).

Drivers can anticipate lane restrictions, lane closings and narrow lanes on the Roland Kampo Bridge starting **Saturday**, September 27, as crews start on-bridge construction of a second, parallel bridge over Little Lake Butte des Morts in Winnebago County. WisDOT asks drivers to remain alert and obey speed limits on the bridge at all times.

On-bridge traffic impacts include:

- Overnight, single lane closures on eastbound bridge lanes to set up staging for a contractor's access road to use while constructing the second bridge.
- A full closure of westbound bridge lanes on **Wednesday**, October 1 between the hours of 11 p.m. and 4 a.m. to remove an overhead sign support. The bridge will reopen upon completion of the work, which is not anticipated to last until 4 a.m.
- Drivers should be aware of 11-foot wide lanes and narrow shoulders on eastbound and westbound bridge lanes over the next two years.

There will be various ramp closures at the US 41 and US 10/WIS 441 interchange as well. Message boards will be placed ahead of time to indicate dates and times of ramp closures. The www.us41wisconsin.gov/wis441 website also has daily updates regarding road and ramp closures.

For further details, please see below:

US 10/WIS 441

Westbound US 10/WIS 441 between County P/Racine Street and US 41 will have overnight single lane closures on **Saturday** from 6 p.m. to 10 a.m., Sunday morning. In addition, the following ramp will be closed:

US 41

On **Wednesday** night, law enforcement will clear all traffic on northbound and southbound US 41 traffic for a rolling roadblock that will delay travelers for up to 20 minutes due to rock excavation near the US 10/WIS 441 overpass. Entrance ramps to northbound US 41 between Breezewood Lane and County II and entrance ramps to southbound US 41 between County OO and County BB will be closed during the time frame. The 20 minute closure is projected to take place sometime between the hours of 10:45 to 11:15 p.m. although ramp closures are expected to be longer. Expect travel delays.
