5:30 to 7 p.m.

Open house format with
presentation at 5:45 p.m.

NOTE: Please park on the west side of the building and enter through the Comfort Suites Hotel entrance. The Windsor Ballroom is located behind the front desk.

PRECONSTRUCTION INFORMATION MEETING

LOMBARDI AVENUE INTERCHANGE

The Wisconsin Department of Transportation (WisDOT) invites you to attend a preconstruction information meeting for the Lombardi Avenue interchange.

The meeting will update you on:

- 2012 construction activities
- Construction schedule

WisDOT will present information about upcoming construction at the Lombardi Avenue interchange. Project staff will be available during the meeting to listen to comments and answer questions.

Beginning in late March 2012, construction will start on the Lombardi Avenue interchange. The Lombardi Avenue interchange will remain OPEN during construction, which is scheduled to be completed in August 2012. Along Lombardi Avenue, two lanes of traffic will be open in each direction throughout construction and access to and from US 41 at Lombardi Avenue will be maintained, with lane closures during off-peak hours. The one exception is from August to September when traffic will be limited to one lane in each direction along a short segment of Lombardi Avenue near Shady Lane (west of US 41).

CONTACTS

In addition to this preconstruction information meeting, project staff are available to hold small group workshops with interested businesses to discuss specific issues. These meetings can be located at your business or at WisDOT offices and can be geared toward your specific questions.

For more information about the project, or to schedule a workshop, please contact:
