US 41/ WIS 76 interchange closing April 12 for improvements

Motorists face a three month detour

(Green Bay) – The Wisconsin Department of Transportation (WisDOT) Northeast Region Office in Green Bay is announcing construction begins Monday, April 12 on improvements to the interchange ramps connecting US 41 to WIS 76 in Winnebago County. During construction the ramps will be closed to all traffic through Wednesday, June 30. A signed detour route will be posted, but motorists are still being encouraged to plan ahead.

“We are reconstructing the on-ramps and lengthening them to make it easier for traffic to get up to speed before merging on to US 41,” said WisDOT NE Region Director Mike Berg. “We ask for everyone’s patience during this important improvement project.”

WIS 76 interchange details include:

- Closing interchange ramps connecting US 41 to WIS 76 to all traffic Monday, April 12 through Wednesday, June 30
- Posted detour route for US 41 traffic - US 45 to County T to County Y to WIS 76
- WIS 76 under US 41 will remain open to traffic at all times with a minimum of one lane of traffic in each direction
- US 41 will occasionally be reduced to one lane in each direction during overnight hours

Improvements are also being made to the turn lanes on WIS 76. Total construction is valued at approximately \$3.1 million and is part of the US 41 Project in Winnebago County. Message boards will be used to alert drivers of the upcoming ramp closures.

All scheduled closures are weather dependent and subject to change.

ABOUT THE US 41 PROJECT

WisDOT is initiating expansion and improvement of 31 miles of US 41 in Brown and Winnebago Counties. The project will include road expansion to accommodate increased traffic volume, 44 new roundabouts, improved interchanges and expansion of the Lake Butte des Morts Causeway. Current construction information and details about the project can be found at [www.www.US41wisconsin.gov](http://www.US41wisconsin.gov) or by calling the project hotline: (920) 492-4120.
