

**Mainline US 41 | Winnebago-Outagamie Counties (Neenah-Menasha-Appleton) Breezewood Lane to WIS 15**

Project timeframe: spring 2015 - fall 2015

Repair of mainline US 41 pavement, 19 bridges and bridge approaches; installation of friction-enhancing polymer to mainline US 41 pavement north of County II

Both directions of US 41 will have lane closures. Some multi-lane closures may be required during nighttime and off-peak hours.

The following ramps will be impacted by this construction:

- Northbound US 41 off-ramp to WIS 125 (College Avenue) will be CLOSED for roughly 2 weeks
- Southbound US 41 on-ramp from WIS 125 (College Avenue) will be CLOSED for roughly 2 weeks
- Northbound US 41 on-ramp from County II (Winchester Road) will be CLOSED for roughly 2 months
- Southbound US 41 off-ramp to Main Street in Neenah will be CLOSED for roughly 2 weeks
- All other interchange ramps may be closed during nighttime hours for a maximum of two nights. Work will be restricted during holidays and high-traffic, special events, including Green Bay Packer games and the EAA Airventure.

**Website and Meeting Materials**

Visit [www.us41wisconsin.gov/wis441/meetings](http://www.us41wisconsin.gov/wis441/meetings) to access the latest WIS 441 project materials. WisDOT will continue to hold business and public involvement meetings throughout the duration of the project to keep you informed about design plans and the construction schedule at key project milestones.

**Email Sign-up**

**WIS 441 TRI-COUNTY PROJECT TRAVELER'S GUIDE**

*What you need to know before you go*

**WINNEBAGO, OUTAGAMIE and CALUMET COUNTIES**

The WIS 441 Project in 2015 is concentrated on the reconstruction of the US 41, County P (Racine Road) and the WIS 47 (Appleton Road) interchanges and constructing the new eastbound bridge across Little Lake Butte des Morts. This guide will show you the major closures along the freeway in 2015.

# CONSTRUCTION INFORMATION

## 1 US 41 Interchange

Project timeframe: 2014 - 2018

### Reconstruction and improvement of the system-to-system interchange

- US 10, WIS 441 and US 41 will have intermittent shoulder, lane and ramp closures.
- Cold Spring Road will CLOSE for 60 days beginning in late spring/early summer 2015.
- Southbound US 41 to westbound US 10 ramp will CLOSE for 30 days beginning in late spring/early summer 2015.

## 2 Roland Kampo Bridge (Little Lake Butte des Morts Crossing)

Project timeframe: 2014 - 2016

### Construction of new eastbound bridge across Little Lake Butte des Morts

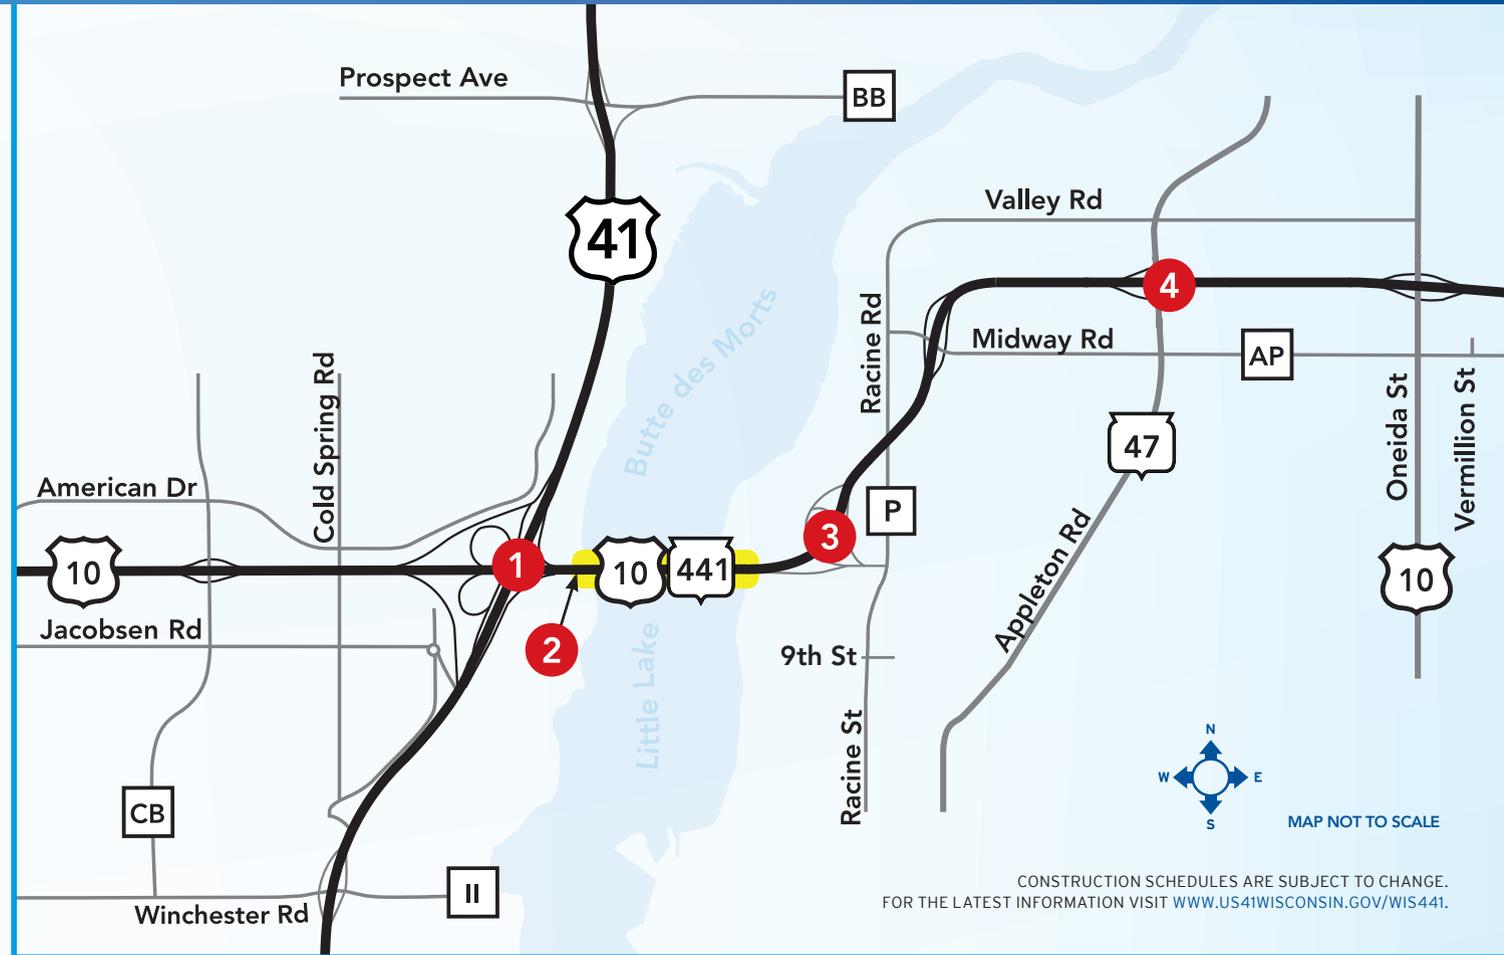

- Eastbound and westbound US 10/northbound and southbound WIS 441 bridge lanes over Little Lake Butte des Morts will have 11-foot wide lanes and narrow shoulders all year. Intermittent lane restrictions may occur throughout 2015.
- WisDOT reminds drivers to remain alert and obey speed limits on the Roland Kampo Bridge at all times.

## 3 County P (Racine Road)

Project timeframe: April 2015 - summer 2018

### Installation of temporary traffic signals and reconstruction of Racine Road Interchange

- The following closures at the Racine Road interchange will begin while the interchange is reconstructed:
  - Westbound US 10/southbound WIS 441 entrance ramp from Racine Road will CLOSE long-term between summer 2015 - spring 2018
  - Westbound US 10/southbound WIS 441 exit ramp to Racine Road will CLOSE between summer 2015 - fall 2016
  - Eastbound US 10/northbound WIS 441 entrance ramp from Racine Road will CLOSE between fall 2015 - fall 2016
- Drivers can access US 10/WIS 441 using Midway Road. Temporary traffic signals (spring 2015 - summer 2018) will be installed at the Racine Road/Midway Road intersection and at the Midway Road/US 10/WIS 441 ramps to manage traffic during the Racine Road and WIS 47 ramp closures.
- Intermittent lane restrictions may occur along the US 10/WIS 441 mainline beginning summer 2015.

CONSTRUCTION SCHEDULES ARE SUBJECT TO CHANGE. FOR THE LATEST INFORMATION VISIT [WWW.US41WISCONSIN.GOV/WIS441](http://WWW.US41WISCONSIN.GOV/WIS441).

## 4 WIS 47 (Appleton Road)

Project timeframe: April 2015 - August 2015

### Reconstruction of Appleton Road and construction of Vermillion Street connection

- Appleton Road between Valley Road and Midway Road along with the US 10/WIS 441 ramps will CLOSE for 75 days between mid-April and early July. Drivers can use Midway Road or Oneida Street interchanges as alternate routes. Pedestrian access will be maintained through the work zone, and temporary access across Appleton Road will be provided to Goodwill Industries of North Central Wisconsin.

- Utility relocation work requiring lane restrictions on Appleton Road, Valley Road and Midway Road will continue from winter 2014 through early 2015.
- Intermittent lane restrictions may occur on US 10/WIS 441 mainline for bridge construction from mid-April through late July.
